Mobile Scanner and Text Recognition Software

The Portable Solution to Scan and Manage All your Documents

IRIScan™

THE PORTABLE COLOR SCANNER WITH READIRIS PRO 8

Your mobile solution to scan your pictures and to easily transform paper documents and PDF into editable information

IRIScan is the ideal solution for private and professional users as well as for companies who need to convert small or high volumes of documents into digital information. Its convenient use allows you to easily scan and share your pictures, brochures, articles, etc. with your friends, family and relatives.

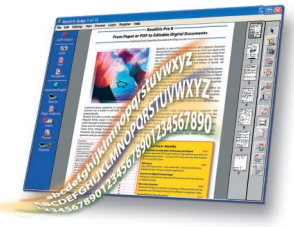
This solution successfully combines the advantages of the hugely portable capabilities of the scanner with the cutting edge performances of Readiris Pro 8.

IRIScan™

The IRIScan is a light and compact scanner, which let him very portable.
All the benefits of a color desktop flatbed scanner are combined with the portability of this mobile scanner! It easily fits in your laptop suitcase and will take no place on your desk. IRIScan is USB connected and USB powered so that you can use it anywhere: on business trips, trade shows, holidays, at school, etc.

Its state-of-the-art technology makes the IRIScan the perfect tool to scan your photos and to share them in no time with your friends, family or colleagues.

Readiris™ PRO 8



Readiris Pro 8 is a powerful OCR software that transforms papers and PDFs into editable information. It's fast, simple and accurate!

Save precious time! Readiris Pro 8 accurately retypes your paper documents in Microsoft Word, Excel, Acrobat Reader, HTML pages, etc. Readiris Pro 8 perfectly recreates the original layout: columns of text, tables and graphics are replaced with an amazing accuracy saving you from hours of text and lay-out editing.

Readiris Pro is a powerfull PDF solution. It converts any PDF into etibale office documents (word, Excel, etc.) and generates fully searchable PDF files from any scanned image.
